

Year 1 – At the start of the year the class teacher will recap on Early Learning Goals for mathematics to get to know the children and prepare them for the White Rose units. This recap should be during the first part week and if needed go into the second week of the year. Teachers can adapt the units to suit their children and the number of weeks in the term. All units should stay within the term they are placed in to ensure children can access the White Rose end of term assessments.

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12
Autumn	Number Place value (within 10)					Number Addition and subtraction (within 10)					Geometry Shape	Consolidation
Spring	Number Place value (within 20)		Number Addition and subtraction (within 20)			Number Place value (within 50)		Measurement Length and height		Measurement Mass and volume		
Summer	Number Multiplication and division		Number Fractions		Geometry Position and direction	Number Place value (within 100)		Measurement Money	Measurement Time		Consolidation
