

Long Term History Plan

To be curious about the past, to understand the present and to influence the future.

EYFS Within EYFS children explore a range of activities to help them develop the knowledge and skills so they are ready for learning in the National Curriculum.

ELG: Past and Present Children at the expected level of development will:

- Talk about the lives of the people around them and their roles in society.
- Know some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class.
- Understand the past through settings, characters and events encountered in books read in class and storytelling.

		Year 1	Year 2	Year 3
Autumn	Title	How am I making history?	How was school different in the past?	British history 1: Would you prefer to have lived in the Stone Age, Iron Age or Bronze Age?
	Unit Overview	Looking at personal chronology and finding out about the past within living memory, children examine photographs and ask questions. They begin to look at a simple timeline extending back to before they were born.	Finding out that schools have been in the locality for a long time but they have not always been the same. Children look for similarities and differences and use a range of sources enabling them to recognise some continuity between their lives and the past.	Looking at the chronology of mankind from the Stone Age to today, children are introduced to Britain's past. They use archaeological evidence to learn about the changes from the Stone to the Bronze Age and answer historical questions. They identify the limitations of this type of evidence and when reconstructing the life of the Amesbury Archer.
	Enrichment		School 50 th Anniversary Year	Flag Fen?
Spring	Title	How have toys changed?	How did we learn to fly?	British history 2: Why did the Romans invade and settle in Britain?
	Unit Overview	Sequencing toys into a physical timeline, children investigate artefacts from the past and begin to pose questions. They learn how teddy bears have changed and 'interview' an old teddy bear before considering what toys may be like in the future.	Developing their knowledge of events beyond living memory, reinforcing their chronological understanding by looking at significant events in the history of flight on a timeline. Learning about the individuals who contributed to the history of flight.	Developing their chronological awareness of AD and BC, children explore the reasons behind the Roman invasion of Britain and the Celtic response. They discover how Roman innovations transformed everyday life and how archaeological discoveries help piece together Roman lifestyles. By contrasting Roman life with modern times, children learn how the Romans still influence lives today.
	Enrichment			
Summer	Title	How have explorers changed the world?	What is a monarch?	What was important to ancient Egyptians?
	Unit Overview	Finding out about events and people beyond living memory, children focus on explorers and what makes them significant. They create a timeline and investigate which parts of the world were explored, before comparing exploration in the past with exploration today. Finally, they discuss ways in which these significant people could be remembered.	Finding out the role of a monarch, children compare the monarchy today with the monarchy in the past. Pupils investigate how William the Conqueror became King and learn how he used castles to rule. They study different types of castles and consider how these evolved over time.	Developing awareness of how historians learn about the past using mummies, the Book of the Dead and pyramids, children learn the place of the ancient Egyptians in time. Pupils learn about the importance of religion in the ancient Egyptians' lives and consider how this is evident in pyramids, worship and mummification. They learn how the ancient Egyptians explained the existence of the world using their creation story.

Long Term History Plan

To be curious about the past, to understand the present and to influence the future.

		Year 4	Year 5	Year 6
Autumn	Title	<u>How have children's lives changed?</u>	<u>British history 4: Were the Vikings raiders, traders or something else?</u>	<u>What can the census tell us about local areas?</u>
	Unit Overview	Investigating the lives of children in history, pupils study leisure activities, health issues, and work from the past, recognising both continuities and changes. They explore the working conditions of Tudor and Victorian children in more detail and evaluate the significance of Lord Shaftesbury's contribution to education and child labour laws.	Extending their understanding of different societies, children learn about the Vikings and the struggle for Britain. They develop their chronological understanding and explore new types of sources, including oral histories, to learn about the Vikings and the impact they had on local British communities. Using historical enquiry techniques, pupils investigate whether the Vikings were raiders, traders or settlers.	Investigating the census records of different areas, children make inferences about the lives of people from the past. They explore what the census can show about Victorian jobs, the suffrage movement and the interwar period. Children identify how the census changes and consider the usefulness and limitations of census data. In Lesson 6, they plan and carry out their own enquiries about who lived in their local school area.
	Enrichment			Alma Park Visit During Transition
Spring	Title	<u>British history 3: How hard was it to invade and settle in Britain?</u>	<u>British history 5: What was life like in Tudor England?</u>	<u>British history 6: What was the impact of World War II on the people of Britain?</u>
	Unit Overview	Developing their understanding of why people invade and settle, children learn about the Anglo-Saxon invasion and Viking raids. They learn about Anglo-Saxon beliefs and how Christianity spread. They investigate Anglo-Saxon settlements and investigate how the period of Anglo-Saxon rule came to end.	Investigating Tudor portraits and progresses, children learn about the changing nature of monarchy. They consider the reigns of Henry VIII and Elizabeth I and their use of propaganda to control public perceptions of the monarchy. Using Tudor inventories, children then explore the wealth and position of ordinary Tudor people.	Extending their chronological knowledge beyond 1066, children learn about how World War II changed British society. They learn about the different reasons why Britain went to war in 1939 and investigate the experiences of families during the Blitz. Using a range of sources which are new to them including video and photographs, children reconstruct the feelings of those living on the home front in World War II and consider how migrants helped war effort.
	Enrichment			Holocaust Museum
Summer	Title	<u>How did the achievements of the Ancient Maya impact their society and beyond?</u>	<u>What is the legacy of the ancient Greek civilisation?</u>	<u>Unheard histories: Who should go on the £10 banknote?</u>
	Unit Overview	Investigating historical and archaeological evidence, children explore the achievements of ancient peoples like the Maya. By making inferences and observing artefacts, they study the ancient Maya's settlements in rainforests, the cultural significance of chocolate and the impact of their beliefs, inventions and decline within and beyond their society.	Investigating the city states of Athens and Sparta, children identify the similarities and differences between them. Using different sources of evidence, they learn about democracy and compare this to the ways in which other civilisations are governed. Considering the legacy of the ancient Greeks, children learn about the Olympic games, architecture, art and theatre.	Investigating why historical figures are on banknotes, children learn about the criteria for historical significance. They participate in a tennis rally debate and create a video to explain why their historical figure was significant, before selecting a historical figure for the £10 note.
