Meet our team;

Co-chair – Zaneta Telenga

I am passionate about children's development and helping them reach their potential. They are spending so much time at school it is extremely important they have an amazing time there, can form lifelong friendships and find their aspirations. I believe by volunteering for the role I can take an active part of the strive to achieve the best for the children and make sure they can get the rounded experience, both in education and the fun and social aspects.

Co-chair – Beth Tuckwood

I volunteered for this role as my passion is to create opportunities for the next generations and to promote support for the school through philanthropy. Our children are our legacies and can change the world we live in. I feel that by nurturing free thinking, encouraging questions and allowing them to thrive, they can push the conformities of the limitations we put on ourselves. Change starts with us; by supporting our school, we are the first steps in a brighter future. I endeavour to support our school and our community by positively impacting our children's future.

Secretary – Lucy Kelley

I'd thought about joining FOBS but kept putting it off. Then I heard it was on the brink of collapsing, and I hated the idea of the children not having "fun" anymore – no Christmas or Summer fayres, no disco, and no Yr6 leavers hoodies! As well as learning, I believe school should be somewhere enjoyable, and every now and then the rules get thrown out (well, some of them) and everybody can come together for a giggle. So doing events like fetes, discos, and raising funds for new equipment means school isn't just somewhere to do lessons and learning. Also, seeing everyone enjoying themselves, thanks to your work is an added bonus, and a nice feeling!

Treasurer – Anna James

I've been involved with FOBS from the very beginning as one of the founding members. Volunteering, organising and working together can achieve so many things and make such a difference to all involved, which is why I continue to help. The joy in children's faces is probably the best thing about volunteering at school. As a former Relief Teaching Assistant at Belmont, I know what the impact fundraising has, and how it creates memories and enriches children's experiences of school.

Can you help?

Could you help at one or more of our events? Please get in touch with us on:

Email: fobs@belmont.lincs.sch.uk or check out our Facebook page: www.facebook.com/FriendsofBelmont.FOBS.Grantham

We need you!!!

We need able bodied volunteers to help remove the old Trim Trail and level off the ground. We need as many people as possible to help! If you could spare a few hours on the 18th October, please email: fobs@belmont.lincs.sch.uk REF: GROUNDS DAY

Can you help?

Could you help or do you know anyone, who could make a little reading library out of wood (it will be sealed), which we could situate near the reception entrance. This would have donated books in it, which can be taken home in the exchange for another book? If so, please contact us for more information.
