Phonics Workshop – Tuesday 21st October

Dear Parents/Carers,

We would like to invite you to a phonics workshop straight after school next Tuesday 21st October. This will last 20-30 minutes and will give a quick insight into how phonics is taught in Reception and how you can support your child at home. Having this extra support from you at home means your child will make quicker progress in their early reading! Please do come along – your child (and siblings) are welcome to spend time in the Reception classroom during the meeting 😊

Today, I am also beginning our Reception phonics assessments. From these, some children will be ready to bring home a purple blending book... this is the next step forwards! Please ensure that your child's named phonics folder (and sharing books) are kept in your child's bag and brought to school **each day**. We don't want children to miss out on taking new books home!!

Thank you for your support – it makes all the difference!

Miss Laskey 😊

Here are the sounds we have taught so far in school – please do keep practicing!! 😊
