

Welcome to Belmont Primary School!

Let's have fun and create happy memories! 😊

A warm welcome from us!

We are the grown-ups you will see most often!

We are excited to get to know you!

Miss Laskey
(Class Teacher)

Miss Rickett
(Teaching assistant)

We will greet you with a smile each day and will always do
our best to help! 😊

Welcome to your classroom!
Here you will find your peg and hang up your coat.
Inside your blue box will be your pair of wellies!

Here are our Reception toilets...

Time to explore our Classroom!

Our carpet area is perfect for listening to stories, singing, dancing, doing jigsaws, playing teachers, enjoying our 'snack and chat' and much more...

Welcome to our **Art Studio**;
there are so many opportunities to make and create...

We enjoy drawing,

and painting too!

cutting and sticking,

In our **Home Corner**, we love baking delicious meals
and looking after the babies!

We take good care with the
real cups and saucers!

We love trying on jewellery
whilst sat at our dressing table!

We have a laugh when
dressing up!

We love holding tea parties too!

Here is our **Small World** area...
all you need is your imagination!

We create dinosaur worlds,

homes for our animals,

and build the tallest of towers!

We love our Reading Den...
but we share stories everywhere in our classroom!

We read stories to our teddies,

We pretend to be the teacher
and read to our friends!

love to get cosy,

...and retell stories using the story-
telling characters!

Our Dough Kitchen is always a busy place to be!

We love to make birthday cakes, pancakes, pies
and cheeky little gingerbread men!!

It's like being at the beach in our **Sand Area**... we especially love collecting shells and digging for treasure!

Now it's time to head **outside**...!

We have our own little playground in Reception...
our door is always open for taking our learning outdoors!

We love **water** play!

Whether we are making
flower petal potions...

or giving the dinosaurs
a bubble bath!

We even have our own
outdoor art studio...

You might choose to paint
a picture...

or draw on our GIANT
chalkboard!

I wonder what you
will create...?

We love to speed around on the
bikes and scooters,

use the clipboards to
investigate,

dance, sing and play
instruments on our stage,

and take care of things that
are growing outdoors!

We build lots of vehicles in our outdoor
Construction Area...

and enjoy climbing,
balancing and swinging on
our Climbing Frame!

We like to build our own
obstacle courses too!

We are always busy in
our Mud Kitchen!

Will you make a muddy pizza, a
smoothie...

or hold a muddy tea
party instead?

Each Friday is **Footprint Friday**... we grab our wellies
and head outdoors for an adventure!

We build traps and campfires,

paint puddles,

hunt for minibeasts,

and get a little wet and muddy!!!

We also love to listen to stories,

make leaf angels,

enjoy muddy painting,

climb trees,

and build our own dens!

We have our lunch in school too... some of us will enjoy a hot school dinner from the kitchen, while others will bring their own lunchbox!
Here is our school hall – this is where we eat!

At the end of the day we wait on the hundred square for our grown-ups... it is then time to go home!

We can't wait for you to join us
in Reception! We will have SO
much fun together!

See you very soon! 😊
