Year 5	Swimming Netball	Swimming Rugby	Dance Hockey	Parkour Volleyball Y5/6	Rounders Athletics	Tennis Sports Day Practice
Year 6	Netball Fitness	Rugby Yoga	Dance Hockey	Parkour Volleyball Y5/6	Rounders Athletics	Tennis Sports Day Practice

The Curriculum Map Explained

At Belmont Community Primary School, we use the GetSet+PE scheme of learning to support the delivery of a broad, balanced and progressive Physical Education curriculum. Our curriculum map has been carefully designed to ensure that children develop their knowledge, skills and confidence as they progress through each year group, with previous learning revisited, applied and built upon.

Progression in PE is clearly outlined through the GetSet+PE long-term progression and skills and knowledge progression ladders. Key skills are grouped into four areas: physical, social, emotional and thinking skills. These are explicitly taught, reinforced and referred to throughout lessons, ensuring that children understand not only *how* to perform, but also how to work with others, manage themselves and think tactically. Vocabulary is also outlined in the GetSet+PE vocabulary pyramids showing a clear progression in PE technical vocabulary through all year groups.

The curriculum offers a wide variety of sporting and physical activities, providing children with opportunities to develop fundamental movement skills before applying these to different sports and activities. Across their time at Belmont, children experience dance, gymnastics, games, athletics, swimming, parkour, tennis, cricket, football, basketball, netball, rugby, hockey, volleyball, handball and more. This breadth allows children to discover activities they enjoy, develop a range of physical competencies and build confidence to participate in sport both in and beyond school.

Our PE curriculum also supports our wider school values, encouraging children to demonstrate Respect, Resilience, Creativity, Empathy, Community and Ambition. Through PE, children learn to cooperate, communicate, challenge themselves, celebrate success, respond positively to setbacks and develop a lifelong enjoyment of being active.

Each term, one unit of learning in KS2 concludes with an intra-school competition, giving children the opportunity to apply the skills they have learned and to experience competition.
